

Alfreton Newsflash - 20/01/2008

Want to help Alfreton's Community?

We're looking for local people to volunteer their time as community fellowship volunteers. Volunteers help Alfreton Towns folk by gaining credits when they perform activities that help or support local people and groups in Alfreton.

If you have a skill, professional services or knowledge that could help a local person or group we'd be pleased to hear from you.

Alfreton's Community Fellowship credit scheme converts the hours you volunteer into community credits. We then promote your dedication to the community by displaying a record of the actions you or your business has taken to aid local people.
